Where the Wild River Rolls – Bob Amos

(Intro last chorus line: A- E A-)

```
A-              C             G             A-
Where Can I find some peace for my mind
A-                    C                     E
It feels like my heart has grown cold
     A-          C                 G              A-
You left me alone in the this wide world to roam
   A-                        E           A-
So I'm bound where the wild river rolls
```

Chorus:

```
        C                 G          A-
 I'm bound where the wild river rolls
        C                 G              E
 I'm bound where the tall pine trees grow
     A-          C         G          A-
 The cost of your love has taken it's toll
      A-                   E            A-
 So I'm bound where the wild river rolls
```

(CR Break)

```
A-          C           G         A-
Five lonely years I've waited in vain
A-          C           E
Hopeing for you to come home
   A-        C           G              A-
I told you that I could never doubt your love
   A-                    E        A-
So I'm bound where the wild river rolls
```

Where the Wild River Rolls - Bob Amos

(Intro last chorus line: 6- 3 6-)

```
6-              1              5              6-
Where Can I find some peace for my mind
6-              1                      3
It feels like my heart has grown cold
     6-         1              5              6-
You left me alone in the this wide world to roam
   6-                      3           6-
So I'm bound where the wild river rolls
```

Chorus:

```
      1                      5              6-
   I'm bound where the wild river rolls
      1                      5                  3
   I'm bound where the tall pine trees grow
      6-               1         5              6-
   The cost of your love has taken it's toll
      6-                      3              6-
