2. With the scent of summer fading,
From the gentle autumn breeze,
As you pause in reflection,
Darling will you think of me?
I will love you in September,
As in summer I will be,
Ever loving through December,
Darling will you think of me? (Chorus)

3. Worlds away my heart is beating,
Always lost in revery,
Pleading though the night won't answer,
Darling will you think of me?
Can I ever find escape love,
From your tender memory?
Need I ask and be heartbroken,
Darling will you think of me?
