I'll be all smiles tonight

And when the room he entered

The bride upon his arm

I stood and gazed upon him

As though he was a charm

And then he smiled upon her

As once he smiled on me

They know not what I suffered

They found no change in me

chorus

And when the dance is over

And all have gone to rest

I'll think of him, dear mother

The one that I love best

He once did love, believe me

But now he's cold and strange

He sought not to deceive me

False friends have brought this change
