Laurie Lewis

III-60

C

**Chorus:** All my life I've been a blade of grass, in the wind

G

Oh like the stubborn tree I've let the wind shake me

F

C

But now I'm feelin' bold enough to let go of my hold

F

C

G

C

And I'll not be a blade of grass again, oh, I'm gonna be the wind.

F

I'll be the wind, I can wear the mountain down

C

I'll be the wind of hope, I can lift you off the ground

F

And I'll fan the flames of love, you know they'll never die again

G

C

Oh, I'm gonna be the wind.

## Chorus

I was waiting, but my name was never called

I never tried to stand alone for fear that I might fall

But now that I am running I may never walk again

Oh, I'm gonna be the wind.
