

# LOVE IS OUR CROSS TO BEAR

John Gorka

INTRO: G D Em C D G D

G Em  
I didn't know where to look for you last night  
C D  
I didn't know where to find you  
G Em  
I didn't know how I could touch that light  
C D  
That's always gathering behind you

G Em  
I didn't know that I would find a way  
C D  
To find you in the morning  
G Em  
Love can pull you out of yesterday  
C D  
As it takes you without warning

G Em  
I want to be a long time friend to you  
C D  
I want to be a long time known  
G Em  
Not one of your memory's used-to-be's  
C D  
A summer's fading song

CHORUS:

Em D G  
It's from me, it's to you for your eyes  
Em C D  
It's a way, a wonder that is wise  
G D Em G D Em  
I am here You are there  
C D G D Em C D G  
Love is our cross to bear \_\_\_\_\_

G Em  
I know I'll think of us upon that hill  
C D  
With the golden moon arising  
G Em  
And the stars will fall around us still  
C D  
While the love is realizing

INSTRUMENTAL: G Em C D G

G Em  
So it is, until we meet again  
C D  
And I throw my arms around you  
G Em  
You can count the grey hairs on my head  
C D  
I'll still be thankful that I found you

CHORUS:

Em D G  
It's from me, it's to you for your eyes  
Em C D  
It's a way, a wonder that is wise  
G D Em G D Em  
I am here, you are there
