F C  
As the rising sun did gleam *A D*  
F  
All the songbirds they were singing *A*  
G C  
Singing on the meadow green *G D*

Way over yonder come my sweetheart C  
Just like an angel in a dream F C  
I heard pure melody ringing F  
Ringing out on the meadow green G C

**Chorus:** F  
Come away with me (come away with me)  
C  
To the red, red roses  
F C  
Where no man has ever been

There our love will bloom forever  
G C  
Forever on the meadow green

In a lightening flash came a fiery stallion C  
With a jet black coat, a midnight sheen F C  
From the forest he came prancing F  
Dancing on the meadow green G C

As I beheld this magic beauty C  
Oh my love she rode across the stream F C  
And I stood pale and still as moonlight F  
Moonlight on the meadow green G C

### Chorus

As the sunrise hit the glistening dew drops C  
My sweetheart could not be seen F C  
A haunting melody still lingers F  
Lingers on the meadow green G C

In lonely hours when I wander C  
To my wandering eyes it seems F C  
I see moonlight through red roses F  
Red roses on the meadow green G C
