

Peaceful Easy Feeling – Jack Tempchin; The Eagles

Intro/Outro/Chorus Cadence: / 1 / 1<sup>+sus4</sup>/ 1 / 1<sup>+sus4</sup>/

1                    4                    1                    4  
I like the way your sparkling earrings lay  
1                    4                    5  
Against your skin so brown  
1                    4                    1                    4  
And I want to sleep with you in the desert tonight  
1                    4                    5  
With a billion stars all around

*[Chorus:]*

5                    4                    1  
And I got a peaceful easy feeling  
4                    2m                    5  
And I know you won't let me down  
1                    2m                    4                    5                    1  
Cause I'm all....ready standing on the ground

1                    4                    1                    4  
And I found out a long time ago  
1                    4                    5  
What a woman can do to your soul  
1                    4                    1                    4  
Ah, but she can't take you any way  
1                    4                    5  
You don't already know how to go

(Chorus)

1                    4                    1                    4  
I get the feeling I may know you  
1                    4                    5  
As a lover and a friend  
1                    4                    1                    4  
This voice keeps whispering in my other ear  
1                    4                    5  
Tells me I may never see you again

(Chorus: repeat last line then outro cadence)
