## Verse 1:

No matter what I say or do  
You're never satisfied  
I've tried I've tried so many times  
So I'm leaving you now good- bye

## Verse 2:

Why on earth was I ever born  
I'll never understand  
To fall in love with a woman like you  
In love with another man

## Verse 3 :

You broke the heart that trusted you  
Why wasn't it made of stone?  
I'm left in a world black as night  
Yet I must travel on
