

Take Me - Leon Payne and George Jones (C)

C

Take me take me to your darkest room

Close every window and bolt every C door

F The very first moment C I heard your D voice

I'd G be in darkness no C more

C

Take me to your most barren desert

A thousand miles from the nearest C sea

F The very moment C I saw your D smile

It would G be like heaven to C me

*There's G not any mountain too rugged to climb*

*No D desert too barren to G cross*

*Darling if you would just show a sign*

*of D love I could bear any G loss*

C

Take me to Siberia

And the coldest weather of the winter C time

F And it would be just like C spring in California D

As G long as I knew you were C mine
