Teach Your Children Graham Nash / CSNY

Intro: 1 4 1 5 5

```
1                        4
You, who are on the road
            1                        5         5ˢᵘˢ 5
Must have a code, that you can live by
       1                  4
And so, become yourself
            1                  5         5ˢᵘˢ 5
Because the past, is just a good-bye

1                          4
Teach, your children well,
                  1              5       5ˢᵘˢ 5
Their father's hell, did slowly go by
       1                    4
And feed, them on your dreams
                  1                  5        5ˢᵘˢ 5
The one they pick, the one you'll know by
```

Chorus:

```
     1                          4
      Don't you ever ask them why
                              1
     If they told you, you will cry
                            6m 4 5
     So just look at them and  sigh
                  1        4       5
     And know they love you

1                    4
And you, of tender years
            1                          5          5ˢᵘˢ 5
Can't know the fears, that your elders grew by
        1                              4
And so please, help them with your youth
            1                  5        5ˢᵘˢ 5
They seek the truth, before they can die

1                    4
Teach, your parents well
            1                      5     5ˢᵘˢ 5
Their children's hell, will slowly go by
       1                    4
And feed, them on your dreams
                  1                  5        5ˢᵘˢ 5
The one they pick, the one you'll know by
```

[Chorus]
