## Texas River Song

D G D
We crossed the wild Pecos we forded the Nueces
D A
We swum the Guadalupe and we followed the Brazos
D G D
Red River runs rusty and the Wichita clear
D A D  But down by the Brazes I courted my dear
But down by the Brazos I courted my dear
(chorus)
D $G$ $D$
Singing li, li, le, le, le lend me your hand
D $A$ $D$
Li, li, le, le, le lend me your hand
D $G$ $D$
Li, li, le, le, le lend me your hand
D A D
There's many a river that waters the land
Now the fair Angelina runs glossy and gliding
The crooked Colorado runs weaving and winding
The slow San Antonio courses the plains
But I never will walk by the Brazos again
·
(chorus)
She kissed me and she hugged me and she called me her dand
The Trinity's muddy but the Brazos' quick-sandy
She kissed me and she hugged me and she called me her own
But down by the Brazos she left me alone
(chorus)
Now the girls of Little River they're plump and they're pretty
The Sabine and the Sulphur hold beauties a'many
The banks of the Nueces there are girls by the score
But down by the Brazos I'll wander no more

(chorus)
