

# The Door is Always Open

Cabin Fever Northwest III-28

## Chorus:

C  
 And the door is always open  
           F          C  
 And that path is clearly marked  
           C                  F  
 You won't see it with your eyes, no  
           C      G      C  
 You've got to find it with your heart

I know the road is filled with troubles           C  
 And there's burdens we all bear               F C  
 But you'll find the scenery is better           C F  
 If you choose your path with care.           C G C

## Chorus

No one else can find it for you               C  
 No one else will know the way               F C  
 But there's one that walks beside you       C F  
 Hand and hand down life's highway       C G C

## Chorus

## Break

And these times are so confusing           C  
 So much anger everywhere               F C  
 Oh but love is still the answer           C F  
 And our purpose is so clear               C G C

## Chorus 2x
