

The JamKazam Waltz

Christine Robins 10-22-21, revised 11-14-22

1. I like Jay-Kay-in', so what I am saying, 1 4
May be a bit overstated. 5₇ 1
But sometimes I'm thinkin', "This is so stinkin'" 1 4
It's so bad that sometimes I hate it! 5₇ 1

2. Those technical glitches, are like evil witches.
Sometimes I just say, "Oh crap!"
It's not like in person, and often I'm cursin'
The guys who invented this app!

CHORUS:

The problems are real, but here is the deal:: 4 1
It sure beats no jammin' at all. 5₇ 1
Despite the shortcomin's, I'll keep on strummin' 4 1
Without it, my world is too small. 5₇ 1

3. My box has gone gray, my signal's delayed;
No one can hear when I speak.
High latency, between them and me.
And it's been happening all week!

4. When it all seems like voodoo, I consult my tech guru.
He tells me, "Just leave and come back.
Your online connection, needs a correction."
I think, "Again? What the hack! "

CHORUS

5. With too many banjos, I'm lookin' for ammo.
Now, I'm just kiddin', of course!
5-strings are OK, but sometimes I say,
"I've never heard anything wourse."
