D5 D5/C#
If you're driving into town with a dark cloud above you
Dsus4 Dsus2/G
Dial in the number who's bound to love you
slide slide Dsus4riff slide slide Dsus4riff
Oh honey you turn me on, I'm a radio, I'm a country station, I'm a little bit corny
G Gsus2/C G D
I'm a wildwood flower waving for you, I'm a broadcasting tower waving for you
D5 Dsus4 D5 Dsus4
And I'm sending you out this signal here, I hope you can pick it up loud and clear
slide slide Dsus4riff
I know you don't like weak women, you get bored so quick
slide slide Dsus4riff
And you don't like strong women, cause they're hip to your tricks
G Gsus2/C G
It's been dirty for dirty down the line,
D
But you know I'll come when you whistle when you're loving and kind
D5 Dsus4 D5 Dsus4
If you've got too many doubts, if there's no good reception for me then tune me out
slide slide Dsus4riff
Cause honey, who needs the static, it hurts the head
slide slide Dsus4riff
And you wind up cracking and the day goes dismal from
G Gsus2/C G
Breakfast Barney to the sign-off prayer, what a sorry face you get to wear
D
I'm going to tell you again now if you're still listening there
D5 D5/C#
If you' re driving into town with a dark cloud above you,
Dsus4 Dsus2/G
D5 D5/C#
If you're lying on the beach with the transistor going
Dsus4 Dsus2/G
Kick off the sandflies, honey, the love's still flowing
D5 D5/C#
If your head says forget it but your heart's still smoking
Dsus4 Dsus2/G
Call me at the station, the lines are open
D5 D5/C# Dsus4 Dsus2/G
Dooo doo doo doo doo... (repeat and fade)
