A

I'm so thankful for each golden hour of happiness

That we shared together in the used to be

A

Someone else's arms may hold her now in fond caress

But they'll never never take her love from me.

B

I thought I'd make her happy if I stepped aside

But I knew her love would never set me free

And even on the morning she became another's bride

A

I said they'll never never take her love from me.
